# About

hello, i am

# osama dawood

digital product designer

digital product designer lead with +12 years of experience, designing a creative user interface for websites, portals, and mobile apps following the latest trends and UX concepts. in addition to working with different design styles.

what  
do i do?

## UI/UX design

Design digital products such as ios and android apps, Responsive websites, Mobile websites, Desktop websites, Tablet apps, And even desktop apps. From wireframes to prototypes! I'm always ready to take up new challenges.

## Branding Identity

Help bring your imagination to life!

## Icon / Illustration

From simple icons to complex and even animated illustrations!

work  
experience
